DETAILED ACTION

Drawings

The drawings are objected to because they appear to be copies of informal drawings. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement-drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the examiner does not accept the changes, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

Claim 11 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim, or amend the claim to place the claim in proper dependent form, or rewrite the claim in independent form.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 1-4, 6-8, 10-12, 14 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, it is unclear whether the claim is directed to a member or a system. From the body of the claim, it appears that the claim and claims dependent thereon are directed to a system.

In claim 7, line 25, the recitation "a dye" renders the claim indefinite since it is unclear whether this is the same dye recited in line 9 or a different dye. It is noted that Applicant's disclosure supports only one dye. It is suggested that the limitation "a dye" be recited after line 1 and before line 2 of the claim and all subsequent recitations of the same be deleted.

In claim 7, line 29, the recitation "said first passage and said second passage" renders the claim vague and indefinite since it is unclear whether Applicant is referring to the first flexible tap apparatus or the second flexible tap apparatus. It is suggested that Applicant clarify all recitations of flexible tap apparatus members by using qualifiers, for e.g. "said first flexible tap apparatus member" or "said second flexible tap apparatus member" as appropriate. Further, all structural features of the first and second flexible tap members should be qualified using "of said first flexible tap member" or "of said second flexible tap member" as appropriate.

In claim 7, lines 35-37, the recitation "and wherein at least one..... anchored in the tissue" renders the claim vague and indefinite since it fails to further limit the claim.

In claim 12, steps recited in lines 12-18 render the claim vague and indefinite because the steps are not in logical order. The insertion of the guide pin should precede the step of engaging the flexible tap apparatus member recited in line 12.

Appropriate correction of the above is required.

Allowable Subject Matter

The indicated allowability of claims 7, 8, 10, 11, 13 and 15 is withdrawn in view of the rejections under 35 USC 112 second paragraph made in this office action. The Examiner apologizes for any inconvenience caused to the Applicant by this action.

Claims 1, 7 and 12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-4, 6-8, 10, 14 and 15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
